The Panhorst Family - Christmas 2004

Dear Family and Friends,

The most exciting event of the year for us was the birth of our daughter, Juliana Dawn, on May 29th. It's been a joy to watch her learn and grow into a really fun six-month-old little girl. We enjoyed trips to Cleveland and St. Louis to introduce Juliana to family and friends. Jeni returned to her job as a Technical Marketing Engineer at Intel in mid-October, and Steve is a stay-at-home dad and part-time Technology Consultant with his business, panhorst.net LLC. We are blessed in ways we can't even begin to count. We wish you and everyone close to you a wonderful Christmas!
